March Meeting – Carving a Horse's Head: (thank you Ralph)

*THE CONNECTICUT
WOODCARVERS ASSOCIATION*

Chainsaw Carving Class

Conducted by: Michael Audette
(demonstrating at our annual show too!)

Date to be finalized

Initial instruction – 9 a.m. to 12

Group Carving – 12 to 4 p.m. optional

**Nibbling Brook Farm
371 Carter Road
Thomaston CT 06787**

Project: Michael plans to have some simpler carvings to start, e.g. mushroom, pumpkin, turtle, etc. and possibly a small bear.

Time: All times and dates are tentative right now. In the morning around 9:00 am or 10:00 – Our instructor is flexible and will run 2-3 hours or when people have had enough. Likely, some will want to ‘carve on’ with a project. He is willing to make it a day and it can wind down around 4:00 pm.

All are welcome to bring their own saws if they want to start a project or just to try a few cuts. Spare wood will be available, but anyone wanting to carve are encouraged to “bring their own” BYOW. Michael recommends no less than 10” diameter and no more than 20 – 24” in length. These sizes are easy to carry and good for small carvings, like a mushroom, turtle or squirrel.

Dress and Safety Equipment: Farm casual for everyone. Ear & eye protection encouraged!!

Mandatory safety equipment if you plan to carve will be: boots (leather or steel tip), and safety glasses or goggles. Chainsaw chaps are strongly recommended – you can also borrow Michael’s. If you are carving, it’s good to use a softer leather type glove, just for grip. Ear protection is up to the attendees and also strongly recommended. A baseball or other hat is good to keep the chips out of your hair. Attendees are encouraged to bring a small folding chair to sit in during the class. **If you plan to carve or be within close proximity to the operating saws, a liability waiver will be required.**

Directions: The class is located in Thomaston, north of Waterbury off of RT 8, or south of Torrington and Harwinton, also off of RT 8, or directly off of RT 6 headed to Thomaston from Bristol.

Coming from North on RT 8 – take exit 39/ Bristol RT 6. Make a left onto RT 6 and drive approx. 1 mile, near top of hill take a right onto Carter Road. This is actually Plymouth and turns into Thomaston at about 2.0 miles. We are on the right side of the road (2.7 miles from the turn) – a red farm house.

Coming from South on RT 8 – take exit 37 Watertown/CT 262, make a right .2 mile and then left onto Waterbury Rd. Follow 1.6 miles to Carter and turn right (cannot turn left). Farm is located .7 mile from corner.

Parking on Carter Road or in field just south of the house or turn around beyond house on left (heading north).

Wood Carving Show Judging Information

We have had many questions about the show's competition classes and judging. We hope this answers many of your questions and encourages you to come out and enter the show.

We have **four competition levels** based on your experience:

- Junior - Carvers age 18 and under. These are young carvers that are just starting out.
- Intermediate - These carvers are from beginner to experienced carvers who have not sold carvings, have not won "Best in Show". These carvers typically have beginning to moderate carving skills. Most carvers fall into this category.
- Instructor assisted – These are carvings that were done with the assistance with instructors via a class or very close mentoring.
- Open - These carvers are very experienced. Often they have sold carvings, won significant blue ribbons or "Best in Show" or teaches classes on carvings.

The judges may elevate a carving up a level if the skill level in the carving or carver warrants. You may enter at more than one level. If you have just started a new technique or carving method, you may be a beginner, or if you want to test your skills, and enter the higher levels.

There are **eleven categories** for each class:

- | | | |
|------------------|------------------|----------------------|
| * abstract | * caricature | * carving in round |
| * chip | * miscellaneous | * relief |
| * utility | * wildlife – fin | * wildlife – feather |
| * wildlife – fur | * wood burning | |

The judges use the following **judging criteria** to compare the works. All of the criteria are rated on a scale of 1 to 5 with 1 being the lowest, and 5 being the highest. The highest score in each category wins. The highest possible points for a carving is 30.

1. Correctness of Form and Anatomy
2. Details – correct and amount
3. Technical Difficulty
4. Finish Quality
5. Creativity
6. Overall Artistic Impression

We encourage you to push your skills and put them up at the show. The only way to truly improve your skills is to push them. It will make you better. You have made some incredible works, let's show them off.

We are also privileged to be requested by the museum each year to put up some displays to show during the month of June. We can show your work in the museum in display cases as part of a display of the CWCA. Please consider bringing some pieces to be displayed or leave your submittals in the show for a couple of weeks to allow the public to enjoy your great pieces of art.
